

Master of Science - Astronomy

2 Graduate Program Change 2022-23

I. General Information

The faculty member originating this proposal is to complete sections I and II.

Before starting this form, please review graduate curriculum website on policies and processes: <https://www.unlv.edu/graduatecollege/curriculum>

Click "**validate and launch proposal**" **button below.** Once the pop-up window comes up and displays an error message, click on the "show me" button (on the pop-up). This will highlight in red the required fields of this form. Fill in **ONLY** the red (required) fields.

With all red fields completed, click on the "**validate and launch proposal**" **button** again to launch the proposal. The pop-up this time should not display an error, and will display instead a "**launch proposal**" **button.** Click on the "**launch proposal**" **button** to launch.

After launch, please fill in all remaining fields in the form to reflect your intended changes, including edits to the schema section of this form (further explained below).

Department (s) (if Dual or Interdisciplinary please add all departments):*

Physics and Astronomy

Degree or Certificate Name:*

Master of Science - Astronomy

Degree Type:*

Master of Science

Program Type:*

Master's

II. Program Changes

Proposed New CIP Code (if applicable):

Are you changing admission requirements?*

Yes

No

Are you changing program learning objectives? Yes No

If yes, describe changes to learning objectives:

Are you changing course requirements? Yes No

Are you changing degree completion requirements? Yes No

Are you changing the culminating experience? Yes (complete the culminating experience section below) No

Other Changes (e.g. subplan titles,...): Yes No

If not a Dual itself, is this program also available as part of a Dual-Degree offering? Yes No

Summary of Changes

Provide a brief summary of proposed changes:

We propose to add two classes as options that students can take to meet the core course requirement for the non-thesis track (subplan 2). These classes are AST 723 Astrophysical Fluids and AST 729 Galaxies

Provide a rationale for each proposed change:

We are offering these graduate astronomy classes on a regular basis and they meet the requirement of astronomy core courses.

Office of Online Education

Programs that are 100% online must contact the Office of Online Education (<https://www.unlv.edu/provost/online-education>).

Email: elizabeth.barrie@unlv.edu

What is the current delivery/mode of instruction for this program? 100% face-to-face courses Hybrid (some online courses; some face-to-face courses) 100% online courses

- Are you changing the delivery/mode of instruction? (select new mode):*
- 100% face-to-face courses
 - Hybrid (some online courses; some face-to-face courses)
 - 100% online courses (contact office of online education)
 - No Changes

Required Additional Documents:

Please attach required documents by navigating to the “attach a file” icon at the right of this form.

Information and forms available at the [Office of the Vice Provost for Academic Programs](#) website.

If changing to 100% online delivery, please attach the following:

Assessment Plan - A new assessment plan will be required when adding an exclusively online mode of delivery to a degree and it must be approved by the [Office of Academic Assessment](#), assessment@unlv.edu,

Dean's memo of support

Teach Out Plan (available at the [Office of the Vice Provost for Academic Programs](#) website).

- If 100% Online, attach the required documents and mark the checkboxes:
- Assessment Plan
 - Dean's memo of support
 - Teach Out Plan

Office of Educational Compliance

Programs that lead to professional licensure or certification must contact the Office of Educational Compliance (<https://www.unlv.edu/provost/ed-compliance>).

Email: leeann.fields@unlv.edu

- With this change, does this program lead to professional licensure or certification?*
- Yes (contact office of educational compliance)
 - No

SCHEMA SECTION

Please edit the schema section after launching the proposal. To launch, please complete all other fields of this form and click "validate and launch" at the bottom. If an error message pops up, please click "show me" and fill in all red (missing) fields in the form and click "validate and launch" again until successfully launched.

In this section, please use the instructions below to change the graduate catalog display of program requirements: descriptions, admissions, courses, degree completion, graduation, etc.

Please note that the new graduate catalog will display the exact information that you edit in this section.

INSTRUCTIONS:

1. Click on the "View Curriculum Schema" icon at the bottom of the "Schema Section."
2. If you are only adjusting existing content, click on the respective Core you would like to edit, then make your edits and click on "Save" as you go. If you are deleting a subplan or courses, simply delete the respective Cores or courses and adjust the descriptive content accordingly.

If you are adding new subplans and/or adding or substituting courses, please see the steps below:

Prior to following the steps below, please open in parallel a structurally similar program from the graduate catalog as a reference ([UNLV Graduate Catalog](#)). You will use this reference to review the sections of a program plan, and have direction on expected content.

3. Click "Add Core" to create blank "Cores." Create as many Cores as you will need. If unsure, refer to other subplans already in this program or to a reference in the graduate catalog to understand how many Cores you need and their expected content.
4. Click on each Core and rename them following your needs or a catalog reference, clicking on "Save" as you go.
5. Add content to all of the cores by clicking within the field to be edited and clicking "Save" as you go. Please note that course sections require instructions of how the credits must be taken (e.g. "Complete x credits by completing all of the following courses," or "Complete x credits of advisor-approved courses," or "Complete 3 credits of course-x and 6 credits of course-z," etc.).
6. To add courses, click on the "View Curriculum Courses" tab at the top of the schema window below, then click on the "Import Course" button at the bottom of the "View Curriculum Courses" window. Click on the available import catalog (only one will be available), and on the import window, select "filter by prefix." (1) Search for your desired course prefix; (2) then click "search available curriculum; (3) then click on all courses that will be imported. Add courses to proposal by clicking, at the very bottom, on the "Add Courses to Proposal" button. Repeat this process as often as you need until all courses are added to the proposal.
7. For courses that do not exist yet at the time of this proposal: Add the courses into the description box of the respective course section in the following way: "PREFIX - NUMBER - Course name, (credits)."
8. Add the courses into their respective course section by clicking "add course" within each course section.

QUESTIONS? Step-by-step guides are available at the [Graduate Curriculum Website](#), and at any time please contact gradcurriculum@unlv.edu

Plan Description

The purpose of the Astronomy M.S. and Ph.D. degrees are to prepare students for a career in Astronomy or Astrophysics Research or in education at the university level. The program achieves this with a custom program for each student set up by their advisor and their advising committee. At the M.S. level we have two options. A coursework M.S., wherein students take classes at the graduate level in Astronomy and pass an exam. We also offer a thesis option where students will learn to formulate, conduct and report on research.

For more information about your program, including your graduate program handbook and learning outcomes please visit the [Degree Directory](#).

Plan Admission Requirements

[Application deadlines](#)

Applications available on the [UNLV Graduate College website](#).

Applicants must have a regionally accredited undergraduate degree in Physics, Astronomy or other related area.

Applicants must have a minimum grade point average (GPA) of 2.75 for all undergraduate work or a minimum 3.00 GPA for the last two years of undergraduate work.

Applicants must have completed 18 semester credits of upper-division physics.

All domestic and international applicants must review and follow the [Graduate College Admission and Registration Requirements](#).

Students are accepted into a degree program as described in the Graduate Catalog. The faculty and corresponding sub-disciplines and sub-plans within the described programs are subject to change at any time.

Plan Requirements

See *Subplan Requirements below*.

[Subplan 1: Thesis](#)

[Subplan 2: Non-Thesis](#)

Subplan 1 Requirements: Thesis

Total Credits Required: 30

Course Requirements

Required Courses – Credits: 24

Complete 24 credits of 600- or 700-level AST or PHYS courses, or other advisor-approved courses.

Thesis – Credits: 6

PHYS 797 Thesis

3 – 6

Degree Requirements

Complete a minimum of 30 graduate credits.

Complete a minimum of 15 credits (excluding thesis) in 700-level astronomy or physics courses.

A GPA of 3.00 or better is required in all course work which is part of the degree program.

In consultation with their advisor, a student will organize a thesis committee of at least three departmental members. In addition, a fourth member from outside the department, known as the Graduate College Representative, must be appointed. An additional committee member may be added at the student and department's discretion. Please see Graduate College policy for committee appointment guidelines.

Graduation Requirements

The student must submit all required forms to the Graduate College as

The student must submit all required forms to the Graduate College as well as apply for graduation up to two semesters prior to completing

their degree requirements.

The student must successfully complete and defend a thesis by the posted deadline. The defense must be advertised and is open to the public.

After the thesis defense, the student must electronically submit a properly formatted pdf copy of their thesis to the Graduate College for format check. Once the thesis format has been approved by the Graduate College, the student will submit the approved electronic version to ProQuest. Deadlines for thesis defenses, format check submissions, and the final ProQuest submission can be found [here](#).

Subplan 2 Requirements: Non-Thesis

Total Credits Required: 30

Course Requirements

Required Courses – Credits: 6

AST 713 Astrophysics I	3
AST 714 Astrophysics II	3

Core Courses – Credits: 6

Complete two of the following courses:

AST 710 Observational Astronomy Techniques	3
AST 721 Astrophysics of Gaseous Nebulae and Active Galactic Nuclei	3
AST 723 Astrophysical Fluids	3
AST 725 High Energy Astrophysics	3
AST 727 Cosmology	3
AST 729 Galaxies	3
AST 747 Interstellar Medium	3
PHYS 771 Advanced Topics in Experimental and Theoretical Physics	3

Elective Courses – Credits: 18

Complete 18 credits of 600- or 700-level AST or PHYS courses, or other advisor-approved courses.

Degree Requirements

Complete a minimum of 30 graduate level credits in physics, astronomy, or related fields (excluding graduate seminar).

Complete at least 15 credits of 700-level astronomy or physics courses.

A GPA of 3.00 or better in all course work which is part of the degree program.

In consultation with their advisor, a student will organize an advisory committee of at least three departmental members. In addition, a fourth member from outside the department, known as the Graduate College Representative, must be appointed. An additional committee member may be added at the student and department's discretion. Please see Graduate College policy for committee appointment guidelines.

Satisfactory performance on an astronomy qualifying examination on graduate astronomy knowledge at the master's level.

Graduation Requirements

The student must submit all required forms to the Graduate College as well as apply for graduation up to two semesters prior to completing their degree requirements.

The student must pass a qualifying examination.

Plan Graduation Requirements

Refer to your subplan for Graduation Requirements.

[Subplan 1: Thesis](#)

[Subplan 2: Non-Thesis](#)

Advising and Culminating Experience

With these changes, will students in this program need a Grad Advisory Committee (GAC) formed? Yes No

If yes, please list the applicable subplans that will need a GAC:

With these changes, will students be assigned a faculty advisory prior to GAC formation? Yes No

If yes, please list the applicable subplans that will need an advisor:

Comments:

For Master's program only: With these changes, does this program require a prospectus form? Yes No

If yes, please list applicable subplans:

With these changes, will the culminating experience be a course? Yes No

If yes, please provide course prefix, number and name:

With these changes, describe the culminating experience (requirements, if applicable-which subplans will need GACs, forms, etc.):

The [Degrees Directory](#) provides current and consistent degree information. Submission of this form indicates acknowledgment and understanding that every department is responsible creating and maintaining accurate and updated program information on the UNLV Degrees Directory.

If new courses are added as placeholders within this proposal, new courses must be created using a Course Create form simultaneously to the process of this proposal.

Degrees Directory Program Entry: Check this box to acknowledge the above statement.

Changes will be applicable to: Current Students
 New Students
 Both Current and New Students

If applicable to current students, changes are: Mandatory Optional

If mandatory: If mandatory, I confirm that all students will be notified in writing of these changes as approved by the graduate college
 Not Mandatory

Effective Date:

READY TO SUBMIT?

After making all your intended changes, please follow these steps:

1. Finish the launch of your proposal by clicking the decisions icon  located to the right of the form. This will display a new decision/approval field on the top right.
2. Click on "approve", add an optional comment if necessary, and then click on the "Make My Decision" button at the bottom to move the proposal forward to the next step. You will see a notification indicating that the proposal has moved forward. You will not be able to edit after moving the proposal forward.
3. Please note that it is your responsibility as the proposer to see that the proposal is reviewed and receives all necessary approvals. Please be encouraged to reach out to reviewers on each step, if necessary.
4. You can check the status of the proposal by clicking on the workflow status icon  to verify that the proposal has gone to the next step.

The workflow status icon  will also show you the current step of the proposal at any given time, and who are the reviewers at that step.

QUESTIONS? contact gradcurriculum@unlv.edu

III. Department Vote Information

Note: This section is to be filled out by the Department Chair on behalf of the department committee.

(The role has been assigned to the corresponding person on this step. If incorrect, please notify gradcurriculum@unlv.edu).

1. Review the proposal. Discuss and make appropriate revisions.
2. Fill in vote information in the fields below, along with the approval. If Dual or Interdisciplinary: add votes from all departments/colleges involved

3. Then approve/reject by clicking the decisions icon  located to the right of the form. This will display a new decision/approval field on the top right. Click on "approve", add an optional comment if necessary, and then click on the "Make My Decision" button at the bottom to move the proposal forward to the next step. You will see a notification indicating that the proposal has moved forward. You will not be able to edit after moving the proposal forward.

The workflow status icon  will also show you the current step of the proposal at any given time, and who are the reviewers at that step.

If there were any modifications to the proposal, please enter them in the comments box below:

Comments:

Date faculty voted on proposal: 1/13/2022

Result of vote: 10-0

Manner of vote: online

IV. College Vote Information

Note: This section is to be filled out by the Academic Associate Dean on behalf of the college/school committee.

(The role has been assigned to the corresponding person on this step. If incorrect, please notify gradcurriculum@unlv.edu).

1. Review the proposal. Discuss and make appropriate revisions.
2. Fill in vote information in the fields below, along with the approval. If Dual or Interdisciplinary: add votes from all departments/colleges involved
3. Then approve/reject by clicking the decisions icon  located to the right of the form. This will display a new decision/approval field on the top right. Click on "approve", add an optional comment if necessary, and then click on the "Make My Decision" button at the bottom to move the proposal forward to the next step. You will see a notification indicating that the proposal has moved forward. You will not be able to edit after moving the proposal forward.

The workflow status icon  will also show you the current step of the proposal at any given time, and who are the reviewers at that step.

Date faculty voted on proposal: 3/22/2022

Result of vote: 5-0

Manner of vote: online

V. Graduate College Use Only - Code Request Items

Note: This section is for graduate college use only.
