INTRODUCTION

This survey of Graduate Assistant Stipends was patterned after the *Faculty Salary Survey by Discipline* as developed by Oklahoma State University. The data was gathered in the same format and the results printed in much the same way. For comparison purposes, stipends are reported as if each graduate assistant was employed at 0.50 FTE. Three additional questions were asked of each institution:

1. Is in-state tuition waived for graduate assistants?
2. If yes, assuming a 9-credit hour enrollment for a semester, how much is graduate in-state tuition for one semester?
3. How much of the above figure was waived?

The IPEDS coding structure (Classification of Instructional Programs [CIP] produced by the National Center for Education Statistics, U.S. Office of Education, and published in 2010) was used for identification of academic departments. This is the fourth year to use the 2010 Edition CIP codes and will result in noticeable differences within some of the 2-digit and 4-digit CIP averages. If only one institution reported data in a particular discipline, the 6-digit code was merged with other similar disciplines at the 4-digit level. If there were no other institutions reporting even at the 4-digit level, the discipline was merged at the 2-digit level. The 2-digit and 4-digit summaries have been printed in this book along with the regular 6-digit CIP codes.

Beginning with the 2013-2014 publication, the survey was organized by CIP Code with information from what used to be Sections A, B, and C, summarized in boxes below the CIP Code. The publication still reports stipends summarized by: “ALL SCHOOLS” which contains average, high and low stipends with the number of graduate assistants and reporting institutions. The “ADJ BY TUITION/FEE WAIVER” adjusts the stipend data for institutions who waived some or all of the in-state tuition and/or fees, but not all of them waived in-state tuition. The “RANKED” information, found only at the 2-digit CIP level, summarizes the adjusted average stipends from each institution and then ranks each institutional average stipend without identifying the institution.

The following 46 institutions contributed data:

Arizona State University	University of Colorado at Denver
Auburn University (AL)	University of Connecticut
Bowling Green State University (OH)	University of Idaho
Catholic University of America (DC)	University of Iowa
Clemson University (SC)	University of Missouri at Columbia
Florida A&M University	University of Missouri at Kansas City
Florida State University	University of Missouri at St. Louis
Kansas State University	University of Montana
Kent State University (OH)	University of Nebraska at Lincoln
Louisiana State University	University of Nevada at Reno
Mississippi State University	University of New Mexico
Montana State University	University of North Carolina at Greensboro
New Mexico State University	University of North Texas
North Carolina State University at Raleigh	University of Oklahoma
North Dakota State University	University of Rhode Island
Oklahoma State University	University of South Dakota
Oregon State University	University of Tennessee at Knoxville
Southern Illinois University at Carbondale	University of Texas at Austin
SUNY-Binghamton	University of Wisconsin at Milwaukee
Texas A&M University	University of Wyoming
Texas Tech University	Utah State University
University of Alabama	Washington State University
University of Arkansas	Wayne State University (MI)

Definition of Terms

STIPEND

All stipends which are reported in the survey are based on a 9-10 month academic year and assume a 0.50 FTE appointment. Any compensation for summer academic work, fringe benefits, or perquisites is not included in the salary data.

AVERAGE STIPEND

The average stipend is based on the survey information with the assumption that all individuals are employed at 0.50 FTE as noted above.

HIGH STIPEND

The highest stipend of any individual of the defined group for which information is reported.

LOW STIPEND

The lowest stipend for any individual of the defined group for which information is reported.

SAL FACTOR

This is the ratio of the average stipend for a particular discipline divided by the average stipend for ALL DISCIPLINES COMBINED. A SAL FACTOR of greater than 1.00 indicates the average stipend for a particular discipline is greater than the average stipend for ALL DISCIPLINES COMBINED.

NUM

The number of graduate assistants whose stipend was included to compute the average salary. The percentage below the number represents the breakdown of graduate assistants in a given discipline/major field who hold each rank.

INS

The number of institutions which have reported stipend data for a given academic rank and discipline/major field.

TEACHING ASSISTANTS

Graduate assistants whose primary emphasis is instruction.

RESEARCH ASSISTANTS

Graduate assistants whose primary emphasis is research.

GRADUATE ASSOCIATES

Graduate assistants who typically are compensated at a higher level than most graduate assistants because they are employed at a higher FTE or teach more classes. They may earn almost as much as junior faculty members.

ALL RANKS

The collection of teaching and research assistants with associates as a group.
