**Justification for
Course Change:***

Updates to the Longitudinal Integrated Clerkship year has constituted changes in the total number of credits and the course description. These changes are necessary to ensure an accurate description of the course and credits earned. (Changes to required clinical encounters in seven specialties that makeup the Longitudinal Integrated Clerkship require credit changes per the Carnegie unit and study hours.)

Run an Impact Report by clicking  in the top left corner and answer below according to the results. Copy and paste the results below:

this change.***

This credit decrease from 14 to 12 total credits for Longitudinal Integrated Clerkship 1 will impact the course description as well as the total number of credits required to earn the Doctorate of Medicine (M.D.) degree.

The new course description is: Comprehensive, patient- and learner-centered care in varied clinical settings across seven core specialties: internal medicine, family medicine, neurology, obstetrics & gynecology, psychiatry, and surgery. Following

medicine, neurology, obstetrics & gynecology, psychiatry, and surgery. Following an immersion on inpatient services, rotations occur in outpatient settings, and incorporate time for self-directed learning and exploration of other specialties.
