Catalog Description*

Medical selective rotations consist of clinical experiences involving both general medicine and subspecialty clerkships, occurring in inpatient and outpatient settings. Selective rotations reinforce a solid foundation of medical knowledge as well as exposure to specific areas of interest.

Is this course a culminating experience?* Yes No

If Yes, to which programs?

First Term Course Offered*

Explanation for Course Create*

In order to reflect students' interest in other medical specialities, we have "interwoven" three days of this proposed Selective 910 course into the Longitudinal Integrated Clerkship courses (MED 901, 902, 903 & 904). Since this is just exposure and shadowing of a medical speciality, no credit will be assigned because students are not expected to complete hours requirements, assignments, or any sort of examination within the time set aside for this experience.

Additionally, per the School of Medicine's approval to move forward in accreditation and clinical programming, this 910 course designation is appropriated by prefix. To ensure that UNLV medical students' transcripts match the national Liaison Committee for Medical Education (LCME) standards and maintain competitive clinical elective offerings with that of similarly-situated medical schools, this course must be offered to fulfill national accreditation and licensing provisions.

Are you adding a Service-Learning designation to this course?* Yes No

If the Service-Learning designation is being added to this course:

A syllabus in Word or PDF format must accompany this form.

Graduate syllabi must meet the minimum criteria as required by the Provost's office (See Semester Memo under Executive Vice President and Provost Policies and Forms www.unlv.edu/policies). Graduate courses that are linked to undergraduate courses (300/500 and 400/600 level joint courses) must clearly state in the syllabus how the class experience and expectations are different for graduate students, what additional requirements students enrolled in the graduate level course must fulfill, and how the grading scale will be applied to graduate students.

Please attach a current syllabus by navigating to the Proposal Toolbox and clicking  in the top right corner.

Information about Service-Learning is available [here](#). Faculty can visit the [faculty Service-Learning page](#) as well as the [UNLV Guide for Service Learning](#) for additional information.

If adding Service-Learning designation, syllabus is attached Attached

Thank you! I have updated as advised. I also added the justification for the zero (0) credits note in the 'Explanation of Course Create' field.

- Please clarify in explanation field why it is zero credits, as reviewers may be concerned that university resources are still being spent.

- Please refer to the program w/ official approved name, Doctor of Medicine.
