Fall 2021

Explanation for Course Create*

This is course 1 of a two-course sequence. These courses are novel to UNLV in that no such courses appear to be offered that focus on the biology and global health impacts of parasites and disease vectors at this level. For that reason, we believe that this sequence would benefit SPH students, and will likely enroll a large number of science students. Additionally, the courses will have a laboratory component that will be valuable to students.

Are you adding a Service-Learning designation to this course?*

Yes No

If the Service-Learning designation is being added to this course:

A syllabus in Word or PDF format must accompany this form.

Graduate syllabi must meet the minimum criteria as required by the Provost's office (See Semester Memo under Executive Vice President and Provost Policies and Forms www.unlv.edu/policies). Graduate courses that are linked to undergraduate courses (300/500 and 400/600 level joint courses) must clearly state in the syllabus how the class experience and expectations are different for graduate students, what additional requirements students enrolled in the graduate level course must fulfill, and how the grading scale will be applied to graduate students.

Please attach a current syllabus by navigating to the Proposal Toolbox and clicking  in the top right corner.

Information about Service-Learning is available [here](#). Faculty can visit the [faculty Service-Learning page](#) as well as the [UNLV Guide for Service Learning](#) for additional information.

If adding Service-Learning designation, syllabus is attached

Dr. Cross provided a revised syllabus to address the School's Curr. Comm. comments. The Committee chair replaced the previous syllabus (dated 10/19/20) with the 11/24/20 version.	
Note: Our School does not have a Departmental Curriculum Committee; therefore, no vote was entered in those fields.
