Explanation for Course Create*

This would create a graduate level course in Urban and Regional Economics that is taught at the same time and space as ECON 470. The university offers a number of cross-listed 400/600 level courses, such as ECON 451/ECO 651 (Public Finance). Offering such courses provides for more possible electives in our graduate program because the courses may not make on the basis of graduate student enrollment. Higher standards and additional work are required in 600 level courses.

Are you adding a Service-Learning designation to this course?*

Yes No

If the Service-Learning designation is being added to this course:

A syllabus in Word or PDF format must accompany this form.

Graduate syllabi must meet the minimum criteria as required by the Provost's office (See Semester Memo under Executive Vice President and Provost Policies and Forms www.unlv.edu/policies). Graduate courses that are linked to undergraduate courses (300/500 and 400/600 level joint courses) must clearly state in the syllabus how the class experience and expectations are different for graduate students, what additional requirements students enrolled in the graduate level course must fulfill, and how the grading scale will be applied to graduate students.

Please attach a current syllabus by navigating to the Proposal Toolbox and clicking  in the top right corner.

Information about Service-Learning is available [here](#). Faculty can visit the [faculty Service-Learning page](#) as well as the [UNLV Guide for Service Learning](#) for additional information.
