Description* Clerkships outside the State of Nevada that offer four-week elective rotations which supplement clinical educational experiences and provide exposure to residency opportunities.

First Term Course Offered* Spring 2020

Explanation for Course Create* Per the School of Medicine's recent approval to move forward in accreditation and clinical programming, this 6000 course designation is appropriated by prefix. (I have attempted to batch multiple course requests in order to avoid reviewing the same course requirements and expectations via twenty-one course creation forms.)

To make students' transcripts match the national Liaison Committee for Medical Education standards, as well as maintain competitive clinical elective offerings with that of similarly-situated medical schools, these courses are required to fulfill national accrediting and licensing provisions.

Are you adding a Service-Learning designation to this course?* Yes No

If the Service-Learning designation is being added to this course:

A syllabus in Word or PDF format must accompany this form.

Graduate syllabi must meet the minimum criteria as required by the Provost's office (See Semester Memo under Executive Vice President and Provost Policies and Forms www.unlv.edu/policies). Graduate courses that are linked to undergraduate courses (300/500 and 400/600 level joint courses) must clearly state in the syllabus how the class experience and expectations are different for graduate students, what additional requirements students enrolled in the graduate level course must fulfill, and how the grading scale will be applied to graduate students.

Please attach a current syllabus by navigating to the Proposal Toolbox and clicking  in the top right corner.

Information about Service-Learning is available [here](#). Faculty can visit the [faculty Service-Learning page](#) as well as the [UNLV Guide for Service Learning](#) for additional information.

If adding Service-Learning designation, syllabus is attached Attached
