Justification for Course Change:*

Family Nurse Practitioner board (FNP) certification is a requirement for Emergency Nurse Practitioner board (ENP) certification. Students cannot sit for ENP board certification unless they are already FNP board certified. It is possible that some students may be admitted to the ENP program prior to the completion of FNP boards. Therefore, making FNP board certification a required prerequisite of the final ENP course will ensure that all students who complete the program have successfully attained FNP board certification.
