**Effective Term and Year\***

Fall 2021

**Justification for Course Change:\***

The name of the Administrative Program & Planning (APP) concentration was changed to the Management and Community Practice concentration prior to 2008, but was apparently used as the field seminar/practicum course for the Child Welfare concentration without a full name change; the Child Welfare concentration was eliminated in 2011-2012 and this course number has not been in use since. It is already set up as a field practicum/seminar class, and we would like to use it as the field practicum class for a new concentration (Trauma-Informed Practice) being proposed.

Run an Impact Report by clicking  in the top left corner and answer below according to the results. Copy and paste the results below:

**Degree and/or certificate program(s) impacted by this change (Results of Impact Report)\***

## Impact Report for SW 779

There are no results for this report.

Substantive changes will necessitate a Program Change form be submitted.

**Detail the changes to the program catalog entry required due to this change.\***

Additional concentration, Trauma-Informed Practice, would be added to the two concentrations we now have: Direct Practice and Management & Community Practice, so a Program Change form is also in development.
