Justification for Course Change:\*

To better encapsulate the range of disciplines students are exposed to (not only primary care) within the first 18 months of instruction, the faculty-led Curriculum Oversight Committee (COC) voted to merge the Doctoring 1 course with Foundations of Clinical Practice 1. The merge of these two courses equals two credits. None of the instruction or credits impact the Doctorate of Medicine (M.D.) program. This change more accurately reflects the course of instruction in the M.D. program.

Run an Impact Report by clicking  in the top left corner and answer below according to the results. Copy and paste the results below:

Please attach a current syllabus by navigating to the Proposal Toolbox and clicking  in the top right corner.
