Good news folks,

Crystal Abba is going to submit a document stating that NSHE professional schools are exempt from the course numbering rubric. This will be a consent agenda item at the September BOR meeting.

Hi Dr. Hartley and Alejandro,

With anticipation of and in preparation for the September Graduate Curriculum Committee meeting, I wanted to ensure that you received this information from the Vice Provost of Academic Affairs, Dr. Rainier Spencer, that professional schools are exempt from NSHE's course numbering rubric.

Many thanks to you for your assistance in getting this clarified and authorized. It looks as if Ms. Abba will provide further information and documentation regarding this as well.

Cordially,  
-Corrin

Hi Alejandro,

Here's the course numbering confirmation I received from Dr. Spencer regarding the School of Medicine's course numbering schematic.

I hope this is helpful!
