If yes, describe changes to learning objectives:

Provide a Brief Summary of Proposed Changes* New courses have been developed specific to college sport and most applicable to this Certificate. EDH 628 The College Student Athlete; EDH 712 Title IX & Gender Equity. Also EDH 711 has a name change - to Marketing Higher Education and College Sport. EDH 604 was omitted since it will no longer be taught in our program, and EDH 626 is being replaced because it is less relevant to the focus of this certificate.

Provide a rationale for each proposed change*

EDH 712 Title IX and Gender Equity is critical to success to an athletic administrator.

EDH 628 The Student Athlete is critical to success to an athletic administrator.

EDH 711 Marketing Higher Education and College Sport is critical to the success of an athletic administrator.

EDH 604 is no longer going to be taught in our program.

EDH 626 is not as relevant to the focus on college sport as the courses added, so it has been removed.

Follow these steps to build the new program curriculum:

Step1

Click on  "View Curriculum Schema." Edit existing cores or click 'Add Core' and name your core (please use a comparable degree program in the current graduate catalog as a template). Step 2

 There are two options for adding courses (see Step 3 to remove courses): "Add Course" and "Import Course." For courses already in the catalog, click on "Import Course" and find the courses needed. For new classes going through a Curriculog Approval Process click on "Add Course"-- a box will open asking you for the Prefix, Course Number and Course Title.

Step 3

Click on  "View Curriculum Schema." Click on the area/header of the program where you would like to add courses. When you click on "Add Courses" it will bring up the list of courses available from Step 2. Select the courses you wish to add. For removing courses click on the  and proceed.

Do not make any changes to any information until the proposal has been launched in Step 4.
