Are you changing the primary instructional mode?  Yes  No \*

Are you changing program learning objectives?  Yes  No \*

If yes, describe changes to learning objectives:

**Provide a Brief Summary of Proposed Changes**

Add a third concentration, Trauma Informed Practice, to the two concentrations of the MSW Program.

Included comprehensive examination requirement to all subplans.

**Provide a rationale for each proposed change**

The new concentration, Trauma Informed Practice, will provide evidence-based knowledge and skills to prepare students for trauma-informed social work practice at the micro, mezzo, and macro levels of intervention. Research has indicated that a trauma-informed perspective increases overall behavioral health in clients being served by agencies that adapt to the perspective. In addition to the specific clinical social work skills for trauma-informed practice, students will learn SAMHSA models of trauma-informed organizations and policies to assess and advance social work practice and social service agencies toward this overall perspective.

Comprehensive examinations are being added to better prepare students for their licensure certification tests. Also, accreditation requirements include an objective outcomes measure that is attended to by the comp. exams.

**Do not make any changes to any information until the proposal has been launched in Step 4.**

Follow these steps to change the program curriculum:

1. Click on  "View Curriculum Schema." Edit existing cores or click 'Add Core' and name your core (please use a comparable degree program in the current graduate catalog as a template). Edit or add any descriptive text (do not add courses until Step 2). Descriptive text is generally used in the following cores: Plan Description, Plan Admission Requirements, Plan Requirements, Plan Graduation Requirements.
2. There are two options for adding courses (see Step 3 to remove courses): "Add Course" and "Import Course." For courses already in the catalog, click on "Import Course" and find the courses needed. For new classes going through a Curriculog Approval Process click on "Add Course"-- a box will open asking you for the Prefix, Course Number and Course Title.
3. Click on  "View Curriculum Schema." Click on the area/header of the program where you would like to add courses. When you click on "Add Courses" it will bring up the list of courses available from Step 2. Select the courses you wish to add. For removing courses click on the  and proceed.

After you have launched proposal, update prospective curriculum here\*

## Plan Description

The Master of Social Work (M.S.W.) program at UNLV prepares students for professional social work careers in the areas of trauma-informed and direct practice with individuals, families and groups, and in management and community practice. The mission of the M.S.W. Program is to educate students to work with populations in urban settings, utilizing generalist, problem solving, empowerment, and social justice approaches. Special attention is given to the mastery of multiple practice issues, attendant upon the present plural and diverse populations in today's American society. Students may elect either "direct practice," "management and community practice," or "trauma informed practice" as their area of concentration. The direct practice concentration prepares students for advanced social work practice with individuals, families, and groups. The management and community practice concentration prepares students for advanced administrative, managerial, and community practice in human service organizations and agencies at the local, state and national levels. The trauma informed practice concentration focuses on developing in-depth clinical social work skills that are specific to trauma-informed practice in the community, and responsive to trauma at the micro, mezzo, and macro levels of intervention. Students are provided academic knowledge related to the theory, research, and major substantive issues in the field and practice experience through practicum experiences in a variety of private and public agency environments. Field practicum placement is concurrent with classroom instruction and is an integral part of the program. A wide variety of field practicum agencies are available, and students are placed in the field under the guidance of the Field Director and in cooperation with the professional supervisory staff from local social service agencies. The program seeks to encourage and accommodate varied student interests, abilities, and career goals. Partnerships and on-going collaborative relationships between the school faculty and the service agencies facilitate a rich blend of academic and community-based experience for our students. The M.S.W. program is designed to be consistent with the accreditation standards of the field's national professional accrediting body, the Council on Social Work Education (CSWE). The program is fully accredited by the Council on Social Work Education. The School of Social Work does not discriminate on the basis of race, color, gender, age, creed, ethnic background, national origin, disability, and political, religious, or sexual orientation. For more information about your program, including your graduate program handbook and learning outcomes, please visit the Degree Directory.

## Plan Admission Requirements

Application deadlines Applications available on the UNLV Graduate College website. An applicant must have the following: A minimum overall grade point average of 2.75 on a 4.00 scale for the bachelor's degree. An earned bachelor's degree in social work from a regionally accredited program or a degree in

another field. Completion of the following liberal arts courses: English composition or literature courses; college-level mathematics or statistics

course; courses in social sciences, preferably in psychology, sociology, and anthropology; a science course; one course in fine arts or humanities; a course in history or political science; a course or content in the biological determinants of human behavior or human biology; a course or content in diverse cultures, social conditions, or social problems. The applicant must not have more than two course deficiencies to be admitted to the program, and those must be cleared by the end of the first semester of M.S.W. studies. An applicant must submit an application for admission, transcripts of all college-level work, and the application fee to the Graduate College along with three letters of recommendation (as specified below), a personal statement, and transcripts of all college-level work. The applicant must submit to the School of Social Work three letters of recommendation (on the prescribed form) that reflect the applicant's academic experience, general abilities, and interest and motivation in pursuing a graduate degree in social work. One of these letters should be from the most recent employer in a social work position (if applicable), and one should be from an instructor (social work instructor, if applicable) from the last college attended. The third letter should be from a person who is familiar with the applicant's overall qualifications, experience, and interest in pursuing the M.S.W. degree. Students with a BSW degree from a program accredited by the Council of Social Work Education may be admitted through Advanced Standing at the determination of the MSW Program. Applicants must have an undergraduate GPA of 3.25 overall, with preference for post-BSW practice experience of 5 years. Applicants will be required to complete the Advanced Standing Summer Term of 4 required courses completed to a 3.0 GPA or above. Students who do not have a 3.0 at the end of the Summer Term will not be allowed to continue into the concentration year of the MSW Program but will be allowed to enter the foundation year of the 63-credit MSW Program. All domestic and international applicants must review and follow the Graduate College Admission and Registration Requirements. Admission to the MSW Program cannot be deferred. The student must also enroll in the program to which admission is offered (i.e., a particular concentration, full or part-time). Students must make any request for a change in status in writing and in accordance with School procedure. Also considering the rigor of the program, students must evaluate if their individual circumstances and resources warrant applying for the full-time or part-time program. Students working 20 hours a week or more are strongly advised to apply to the part-time program. Students are accepted into a degree program as described in the Graduate Catalog. The faculty and corresponding sub-disciplines and sub-plans within the described programs are subject to change at any time.
