Each individual applicant will be evaluated to determine the courses required in order to complete the specific certificate program. Plan Disclaimer

In Nevada, the educational prerequisites for professional licensure or certification for the Advanced Graduate Certificate in Psychiatric Mental Health Nurse Practitioner (PMHNP) are an active Nevada RN License, National Certification as a Psychiatric Mental Health Nurse Practitioner, and graduation from a nationally accredited Nursing Program with a minimum of 500+ hours of direct patient care. The Advanced Graduate Certificate in Psychiatric Mental Health Nurse Practitioner does NOT currently satisfy those licensure and certification requirements as this is a new program and a substantive program change form will be submitted to our accrediting body, the Commission of Collegiate Nursing Education (CCNE), when the program is implemented. UNLV School of Nursing has not made a determination with respect to the licensure requirements in any other state. As such, Advanced Graduate Certificate in Psychiatric Mental Health Nurse Practitioner is not authorized in any other state in which the prospective or enrolled student resides. If you reside in a state other than Nevada or CCNE does not grant accreditation as anticipated, UNLV will refund the applicable application fee in accordance with its procedures. License requirements for other states are being explored. Please check our website for current information about Fall 2020 application.
