II. Program Changes

Are you changing admission requirements?* Yes No

Are you changing course requirements?* Yes No

Are you changing degree completion requirements?* Yes No

Are you changing the primary instructional mode?* Yes No

Are you changing program learning objectives?* Yes No

If yes, describe changes to learning objectives:

Provide a Brief Summary of Proposed Changes* Currently, under "Plan Admission Requirements" it has our minimum GRE score as 450. It should say "While there is no minimum GRE score for admission, students accepted into the program typically 150 (verbal) and 141 (quantitative). We will accept scores from both the old and new test. (Note: the GRE must be taken by applicants within the last five years). Be advised that we must receive your GRE scores by the application deadline for you to be considered. Applicants who apply by the application deadline but do not take their GRE until after the application deadline will not be considered."

Also, the deadline is January 15th for applications to our program (which is currently listed). However, a date of July 1st is listed. That date should be removed.

Provide a rationale for each proposed change* Students are confused about the current information on our page.

Follow these steps to build the new program curriculum:

Step1

Click on  "View Curriculum Schema." Edit existing cores or click 'Add Core' and name your core (please use a comparable degree program in the current graduate catalog as a template). Edit or add any descriptive text (do not add courses until Step 2). Descriptive text is generally used in the following cores: Plan Description, Plan Admission Requirements, Plan Requirements, Plan

Graduation Requirements.

Step 2

 There are two options for adding courses (see Step 3 to remove courses): "Add Course" and "Import Course." For courses already in the catalog, click on "Import Course" and find the courses needed. For new classes going through a Curriculog Approval Process click on "Add Course"-- a box will open asking you for the Prefix, Course Number and Course Title.

Step 3

Click on  "View Curriculum Schema." Click on the area/header of the program where you would like to add courses. When you click on "Add Courses" it will bring up the list of courses available from Step 2. Select the courses you wish to add. For removing courses click on the  and proceed.

Do not make any changes to any information until the proposal has been launched in Step 4.
