## Plan Disclaimer

In Nevada, the educational prerequisites for professional licensure or certification for the Advanced Graduate Certificate in Family Nurse Practitioner (FNP) are an active Nevada RN License, National Certification as a Family Nurse Practitioner, and graduation from a nationally accredited Nursing Program with a minimum of 500+ hours of direct patient care. The Advanced Graduate Certificate in Family Nurse Practitioner does NOT currently satisfy those licensure and certification requirements as accreditation by the Commission of Collegiate Nursing Education (CCNE) is pending and the University expects to hear something by April 2018. UNLV School of Nursing has not made a determination with respect to the licensure requirements in any other state. As such, Advanced Graduate Certificate in Family Nurse Practitioner is not authorized in any other state in which the prospective or enrolled student resides. If you reside in a state other than Nevada or CCNE

does not grant accreditation as anticipated, UNLV will refund the applicable application fee in accordance with its procedures. License requirements for other states are being explored. Please check our website for current information about Fall 2019 application.
